

**P.UMA is proud to present:**

**PawPaw** is an innovative insurance product that provides cover for veterinary costs that pets may incur due to illness or injury. **PawPaw** is an affordable solution for any family with cats or dogs.

With **PawPaw** you get:

- A pet health insurance that treats pets as patients, not property.
- A one page policy wording that is clear and concise with no hidden clauses or small-print.
- Our dedicated clinical case management ensures the most appropriate care is given to your pet at the time of need.
- Straight forward pre-authorisations for non-emergency treatments ensure that you do not face unexpected costs.
- Approved claims can be settled directly with the vet keeping out-of-pocket contributions to an absolute minimum.
- Pre-existing conditions are assessed by a qualified veterinarian, ensuring that the most appropriate cover is given to each and every pet.

**because pets are family too**
